Construct Means									
Structured		**Supportive**		**Cog. Engage.**		**Inclusion**		**Collaborative**	
Mean	4.72	Mean	4.69	Mean	4.61	Mean	4.58	Mean	4.46
Std. Dev.	0.56	Std. Dev.	0.52	Std. Dev.	0.76	Std. Dev.	0.60	Std. Dev.	0.71

Mean is the average of the group of student scores for that item on the course feedback survey.

Standard Deviation (Std. Dev.) is a measure of how spread out the scores are around the mean. The higher the value for the standard deviation, the more spread of the scores are; a lower standard deviation indicates that the student scores are more clustered around the mean.

Section VI: Your Comments Are Valued

What are one to three specific things about the class that supported your learning?

Mr. Lawrence was clear on what we were learning and what was expected of us in class.

Supportive and very helpful review sessions

My instructor was amazing

Hes clear, concise, and easy to follow with.

---

reviews

How the teacher thoroughly went over problems to ensure the success of students

- Jacob Lawerence is an outstanding math instructor with a bright future in education, if he chooses that path.
- If you asked him a question, he would nearly always have the answer, if he didn't know or wasn't sure, he would always reach back out and clarify it with students.
- Jacob always made time for his students and remained available to answer questions outside of class.

Very good teacher. Always asking if anyone has any questions.

What are one to three specific things about the class that could be improved to better support your learning?

University of Missouri

Please note that your student feedback scores were presented earlier in this report in each of the 5 data constructs. Shown here is the mapping of those data constructs (black column) to MU's teaching dimensions (gold column). When completing the Self Reflection portion of the annual review process, you are encouraged to discuss your student feedback in relation to the teaching dimensions.

Teaching Dimensions of the TFELT Model | Student Feedback Instrument Data Constructs

Teaching Dimensions of the TFELT Model	Student Feedback Instrument Data Constructs
